

SPECIAL CHARTERS

***Corporate functions, Large family parties,
Team building events, or just a group of friends
wanting a new experience.....***

Paradise Jetboating 'Special Charters' is the ideal activity for the people looking for something different

The 45 min 'Adventure' ride is great fun, but for the group looking for an experience with a difference you need to try our "***Deserted Island Trip***".

The advanced design of the Paradise Jet has a set of steps incorporated into the bow of the boat allowing easy boarding and disembarking directly onto a beach and the unique design of jet boats allows access to shallow water beach areas with ease.

We can cruise into a beach that is inaccessible to all other boats, fold out the boarding steps and allow passengers to disembark straight onto the 'deserted island'. There are numerous islands in the Broadwater that are only accessible in this way.

These are great places for a private picnic, swimming on a deserted beach, exploring the bushland or just enjoy a little private sunbathing. Then when you are ready for some more action, climb back on board the Paradise Jet for some more *Thrills and Excitement*.

Special Charters can be structured to suit your individual requirements, just call our toll free no. 1300 JET BOAT to discuss the various options.
